Define Problem Statements (Customer Problem Statement Template):

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	A professional attending a networking event.	Start meaningful conversations with new people.	I struggle to think of relevant conversation starters.	Every event has different topics and audiences	Every event has different topics and audiences
PS-2	A student attending workshops and career fairs	Build professional relationships with industry experts.	I find it difficult to personalize my conversations.	I don't know the interests or background of the people I'll meet.	Anxious and hesitant to interact.
PS-3	A conference attendee preparing for an event.	Verify facts about a technical topic before speaking with others.	I don't have enough time to research reliable information.	Information online is scattered and sometimes inaccurate.	Unprepared and worried about sharing incorrect information.

Overall Customer Problem Statement

Professionals, students, and event participants need an intelligent networking assistant because they often struggle to start relevant conversations, verify facts quickly, and remember successful networking strategies. These challenges reduce their confidence, limit meaningful interactions, and prevent them from building valuable professional relationships.
